To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans, and in Franklin County, of any daily paper, and is on that account, if no other, the best medium for advertising.

Local Items.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

MR. STREIT'S RESIDENCE.—Mr. John L. Streit's new brick house on Bank Street will, when completed, be one of the handsomest in Northern Vermont. The main portion of the house is 45 x 41 feet; the kitchen addition is 21 x 28 feet, in the rear of which is still another addition for wash-room, laundry, &c. The first story of the main house is 12 feet between joists, the second story 11 feet, and the third, which is in the French roof, 10 feet. The rooms, 18 in number, are large and convenient, and are to be finished with the most costly colored woods, black walnut, cherry, brown ash, and butternut. The parlor will be 25 x 15 feet; library, 11 x 15; hall, 10 x 35; setting room, 15 x 22; dining room, which is octagon in form, 14 x 23. The window caps and sills for the front part of the house are of Connecticut brown stone. The building is to be warmed by a first-class "magic furnace," furnished by Mr. Wm. P. Walker, and set up by that "King of Tinkers" Mr. Benjamin Graves. In short, Mr. Streit is sparing neither expense nor pains to have not only a substantial but an elegant residence.

The architect of the building is Mr. L. J. Sweet, who has performed his part of the work in a creditable manner; and when we say that Mr. F. R. Carpenter is the master mason, our readers, who are acquainted with his style of work, will know that the masonry has been done in the most substantial and workmanlike manner; for Frank is not in the habit of doing poor work. The master carpenter, Mr. Joseph Brean, has done his work well and acceptably, as have all who have anything to do with the building.

MASONIC INSTALLATION.—The installation of the officers of Franklin Lodge, No. 4, took place in their hall in Union Block, on Tuesday evening last. The installation ceremonies were conducted by Park Davis, Esq., Junior Grand Warden of the Grand Lodge of the State of Vermont. The list of the officers installed were as follows:

J. P. Fisk, W. M.
G. H. Kittredge, S. W.
L. P. Kimpton, J. W.
G. M. Pierce, Treas.
A. N. Percy, Sec'y
S. S. Allen, S. D.
D. G. Mitchell, J. D.
E. P. Livingston, Steward
Edmund Yates, S. H.
S. H. Boynton, Chaplain
L. McD. Smith, Marshal
R. L. Stanwood, Tyler.

There were about 100 Masons, with their wives, sisters and daughters in attendance, including the officers and many members of Engleby Lodge, No.

184, and a considerable number of strangers who were stopping in town. At the close of the ceremonies, a very happy address was delivered by Park Davis, Esq., and at about 9 o'clock, the assembly repaired to the tables in the refreshment room adjoining the Lodge room. Our friend "Leslie," over the way, superintended the preparation of the tables, which were provided with oyster stews and oysters in other forms to suit the taste, coffee, fruit, and desserts which we hear spoken of in the highest terms of praise. We are not in the least surprised that "Leslie" should be guilty of doing such a thing, as he has a strong natural inclination, knows how, and can be relied upon every time. The whole entertainment was gotten up under the auspices of Franklin Lodge, No. 4, and no doubt the invited guests departed with the impression that with themselves their visit had been much more pleasant than expensive.

The following resolutions were adopted. Resolved.—That the thanks of the officers and members of Franklin Lodge number 4, be extended to the Ladies, as well because they have so bountifully contributed to the furnishing and preparing of the tables as the honor they have done us at an installation by being present on this occasion.

Also that the thanks of the Lodge be extended to Bros. R. Kingsley, Hiram Pierce for the assistance tendered; by them in supplying the necessary articles for spreading the table and to Bro. Leslie Steere who generously catered for the occasion; also to Bros. Lyons, Stone, Harvey M. Marvin, who so kindly furnished the music.

WHITMORE AND CLARK'S MINSTRELS.—These Minstrels are coming again, as will be seen by reference to our advertising columns. This troupe is well known in St. Albans, where they have invariably drawn crowded houses and will be sure to meet with this same fate hereafter. The "Star Performers" of the troupe are Messrs. Clark and White who are "stars" in their profession everywhere. Clark and White were General Stannard's boys in the army. Mr. Clark at one time filled the very trusty and important position of Provost Marshal, in General Stannard's Division, with honor and credit to himself. Mr. White belonged to the Band, and is spoken of as a capital fellow. He was the life of the circles in which he moved in the army, and could "make fun" under the saddest and most unfavorable circumstances. Their records were highly honorable, and we are glad to witness their good fortune in the troupe of which they were the originators. It is said that there is time for everything, and the time that is spent in laughing, is oftentimes the most profitable. "A little nonsense now and then is relished by the best of men" and women too.

THERMOMETER this morning at 7 o'clock, 8 degrees above zero.

MINERAL SPRING.—A mineral spring has been discovered quite recently at East Fairfield on land owned by Miss Laura Northrop, which we hear highly recommended. Samples of the water will be sent to Boston to be analyzed. It is believed that the spring is a valuable one.

THE RIVER QUEEN.—The steamer River Queen still lies upon the reef off Hathaway Point, where she lodged last October, and is now frozen in the ice. Bad luck for the River Queen.

ST. ALBANS BAY.—A series of religious meetings are being held at the Methodist Chapel, St. Albans Bay, which are attended with a good degree of interest. The meetings will be held every evening to through the week.

RUTLAND AND CASTLETON RAILROAD.—At the annual meeting of the Rutland and Castleton Railroad, held at Castleton on Monday, Nov. 30, the following board of directors was elected:

George H. Cramer, Troy, N. Y.; I. V. Baker, Comstock's Landing, N. Y.; Ira C. Allen, Fairhaven; Merritt Clark, Poulney; C. S. Snorman, Castleton. At a subsequent meeting of the Directors the following officers of the board were elected:

Geo. M. Cramer, Troy, N. Y., President; H. C. Lockwood, Troy, N. Y., Treasurer; Ira C. Allen, Fairhaven, Secretary.

KILLED IN A FRACAS.—We learn that Hiram Boomhour, a blacksmith residing in Fletcher, near Fletcher pond, died early on Friday morning last, from the effects of injuries received from one Thomas Ryan. The version of the story which we have received is as follows: On Thursday night there was a "kitchen tunk" at the dwelling house of Boomhour, and Ryan among others was there there. Some disturbance was occasioned during the night between Boomhour and Ryan, and Ryan who is a muscular young man, fell upon him and beat him to death. Yesterday and to-day Ryan was undergoing his examination at Fairfax.

GAS DIVIDEND.—The Burlington Gas Company have declared a dividend of four per cent., payable in January.

BOOK-BINDING.—The Champlain (N. Y.) Journal says: "Mr. David Crawford, proprietor of the Bindery of St. Albans, Vt., recently did some work for us that would challenge comparison with the best work done in the large cities."

CHAMPLAIN ACADEMY.—The winter Session of this institution will open on Thursday, December 17th, under the following corps. P. F. Burke, A. B., Principal; Miss Carrie M. Hoyt, Preceptress; Miss M. L. Goodrich, Teacher of Instrumental Music.

ADVERTISING PATRONAGE.—The Boston Commercial Bulletin were observes. Advertising patronage is not more important to newspaper proprietors than the trade generally, who derive benefits in proportion as they use the facilities afforded by liberally advertising their business; and those who have taken the lead in publishing through the columns of newspapers prudently but largely, are now the most prosperous business men in any community.

Across the Lake.

The preparations for the Masonic Festival and party to be held in Plattsburgh on the 23rd inst., are being completed as fast as possible. The exercises will consist of dedication of the new Hall; installation of officers of Lodge and Chapter; Oration; supper. At the conclusion of these exercises an opportunity will be given those who desire to remain to dance.

A sad accident occurred a few days ago at the ore bed of Bowen & Williams, at Clayburgh, N. Y., by which a young man named Potter, by a misstep, fell through a "light hole" some seventy feet to the bottom of the pit, breaking both legs and otherwise seriously injuring him.

The barns attached to Thomas O'Donnell's hotel, at Mooers village, were burned on Tuesday evening last, together with two horses. Also on Thursday a similar fire occurred in Madrid. The property belonged to D. W. C. Erwin. It was partially insured. The origin of both these fires is unknown.

The public library of Plattsburgh has been removed to the spacious rooms of the telegraph office, Mr. W. Dow, having obligingly volunteered to act as librarian free of charge.

On Sunday last, a little daughter of Mr. John Frasier of Keeseville, aged ten years, while crossing the foot bridge fell off into the river. At the last account the body had not been recovered.

Three men from Schuyler Falls recently took three deer at Silver Lake, the largest of which weighed 225 pounds.

MIDDLEBURY.—By the census returns Middlebury had a population of 3,517 in 1850. In 1860 there was only 2,870. By the same ratio of increase, the register says, the town will have a population of 2,360.

A BIG ONE.—Mr. Silas Piper of Middlebury killed a hog of the Chester County breed, Dec. 1st, which weighed 615 lbs. and had 125 pounds of lard.

SMART OLD MAN.—The Barton Standard says that Moses Foss of Brownington, aged seventy-eight years, walked from his home to East Hardwick, last Tuesday, before breakfast, a distance of nineteen miles; time occupied a little over seven hours. It is over twenty miles from his home to East Hardwick, but he rode a part of the way from the Landing to Barton village and walked the remainder, so the distance walked was nineteen miles.

MONUMENT.—A splendid monument has been erected in the graveyard at North Craftsbury, to the memory of Gov. Crafts and family, by Nathan S. Hill of Burlington. Cost \$500.

ACQUITTED.—The trial of Gen. Geo. W. Cole, charged with murdering the alleged seducer of his wife, L. H. Hiseck, has resulted in a verdict of not guilty. The jury said that the ground of their acquittal is insanity, and an insanity which began and ended with the act of killing.

One of the few things that the North and South will probably ever fully agree upon is that "Barrett's Vegetable Hair Restorative" is not only the best preventive to the hair falling out, but also the finest dressing ever before the public. It richly deserves the "Silver Medal" awarded by the New Hampshire State Fair.—Dubueque Times. d&w.

The Trial of Andrews.

Verdict of Manslaughter.

KuKlux Raids.

President's Message

BOSTON, 9th.

The trial of S. M. Andrews for the murder of Cornelius Holmes, at Plymouth, concluded yesterday. The jury returned a verdict of manslaughter. He was sentenced to 20 years in the State Prison, the first day to be in solitary confinement. This was the extent of the law.

The prisoner manifested no surprise, preserving the same composure that he had manifested throughout the trial. He is now about 38 years of age.

NEWBURYPORT, Mass., 9th.

A fire broke out in the finishing room of Bailey's hat factory, at half past five o'clock this a. m. There was a large stock of hats and wool on hand, which together with the building was totally consumed. A few books and hat boxes only were saved. The loss is estimated at \$80,000; insured for \$30,000.

NEW YORK, 9th.

A cable special says, the health of Carlotta is improving. She has recovered her intellectual faculties.

PHILADELPHIA, 9th.

About daylight this a. m., a man named Hugh Craig, cut his mother's throat, inflicting a terrible wound.

The woman now lies in a critical condition, and it is not expected that she will recover.

NEW YORK, 9th.

A Knoxville special despatch says, Gov. Brownlow received a telegram yesterday from his Secretary, reporting that this KuKlux have been making raids in West Tennessee, driving men from their houses, and committing great outrages.

Gen. T. A. Cooper left Knoxville yesterday, under orders to take command of the several companies of militia organized and ready for the field, in that section, and arrest all persons belonging to KuKlux bands, or who have participated in these outrages.

WASHINGTON, 8th.

The President's message will be delivered to both Houses of Congress tomorrow, at 1 o'clock p. m.

It is not a very elaborate document, and makes but 26 printed pages.

The President opens by referring to the non-representation of Virginia, Mississippi, and Texas in Congress. After a fair trial, he says, the reconstruction acts have substantially failed, and proved pernicious in their results, and there seems to be no good reason why they should remain on the statute books. States which the Government guarantees a Republican form of government have been reduced to military dependencies. He elaborates this fact and its consequences, and goes on to say briefly that experience has demanded the repeal of the civil tenure bill.

He also recommends that the act of March 2d, depriving the President of power to issue military orders, except through army headquarters, be repealed, and all other Congress laws restricting executive powers continued.
